Party for Possibilities!

The Event

An evening to celebrate and support progress toward affordable housing for people with disabilities.

Impact

There is a major lack of affordable housing across Portland. For people with disabilities, the lack of availability is compounded by accessibility barriers and extremely low incomes. With our 34 years of experience, we have developed a process to connect people with disabilities to affordable, accessible rentals. Since 2020, we have successfully helped over 80 people find a place to call home. With your support, we will continue to break down barriers in housing for people with disabilities.

Marketing

Will take place from Aug-Nov and include:

7 Emails - Shared to over 4,800 supporters

1 Video - Shared via email, social media, and YouTube

Social Media Promotion & Event Website

Event signage and materials

Fundraising Goal: \$55,000
